Alice,

I'll send a patrol this morning to make sure that the park is clear of any problems. Our deployment is short staff, but we will send a ranger as late as possible.

Here's another issue in our 'hood.

Alice, I'll let them know Catherine has been replaced by you. We are lucky.

But as you see, these issues are never ending in today's world unless we create (to quote Bill Maher) "New Rules".

Thanks all.

As of 9:05 pm they are all still there. They lay out in the corner in the dark next to the red brick building. There is no lighting there and it's difficult to see without actually getting out of the vehicle. Otherwise it looks like no one is there at all. Pls be careful as there seems to be dogs. They bark all night long, according to my tenants. These people get high too and are up all night making noises, jumping my fence to urinate and defecate on my property. Pls try and swing by tonight. There is also a single Caucasian male that sleeps right under the lights with a blue blanket. He too has been there for a week. They have made a homeless encampment in the corner of the park.

LAPD & Park Rangers: can you please see Dave's email and address. As you know, there cannot be camping out during the day or night. No activity is permitted in the park at night.

For the past week there is a group of about 8-10 Caucasian m & f's sleeping in the very corner of the park. They're are about 5 dogs that bark pretty much all night. They jump my fence to urinate and defecate on the side of my bldg. They sleep in the park at night and day. They argue, fuss and fight at night time when no one should be in the park. They are currently there right now. I did call the LAPD today and as the 2 Officers told me earlier this am that they were told to leave. But at 1 pm they are still here. What can be done about them? It's a night time area homeless camp now at night and during the day.
